DILIP Kachare

Java Devloper

📞 7775859613 | ✉ dilipkachare888@gmail.com | www.linkedin.com/in/dilip-kachare

Objective

Experienced Java Full Stack Developer with hands-on experience in building web applications using Java, Spring Boot, Spring MVC, Spring Security, JPA, REST APIs, MySQL, and front-end technologies. Seeking to apply technical skills and problem-solving abilities to deliver efficient and secure software solutions.

Education

Ballarpur Institute of Technology, Ballarpur   **2023 – 2025**
Master of Computer Application 6.8 CGPA   *Ballarpur, Maharashtra*

Experience

Cye Technology Private Limited   **July 2025 – Present**
                                                                                                        Hyderabad, Telangana

Java Developer Intern

- Designed and developed web applications using Java, Spring Boot, Spring MVC, JPA, and REST APIs to build scalable backend services.
- Implemented authentication and authorization features with Spring Security to ensure secure access to application resources.
- Worked with MySQL for database design, writing optimized queries, and integrating data persistence with JPA.
- Created responsive front-end interfaces using HTML, CSS, JavaScript, and React to deliver a seamless user experience.
- Integrated REST APIs with front-end components, enabling smooth client–server communication.
- Worked in a fast-paced startup environment, participating in daily meetings to decide tasks for the day and ensuring completion before leaving; actively debugged issues and collaborated with peers to review and improve code quality.
- Contributed to feature development and bug fixing by creating branches, pushing code, and pulling updates using GitHub to share and combine code with the team.

Projects

Attendance Portal / *Java, Spring Boot, Spring JPA, Spring Security, MySQL*

* Attendance Management – Allows teachers to mark and manage student attendance efficiently with real-time updates. Stores detailed profiles, class schedules, and department-wise records for easy administration.
* Displays student results with subject-wise marks, grades, and overall performance summary.
* Java, MySQL, JDBC, Spring , HTML , CSS & JavaScript
* Used Spring Data JPA for efficient data persistence and CRUD operations on user and book entities in a MySQL database.
* Created role-based access: free books available to all users, while paid books are accessible only after registration and login.

Technical Skills

Backend: Java, JDBC, Spring, Spring Boot, Spring JPA ,Speing MVC, Spring REST
Frontend: JavaScript, HTML, CSS
Databases: MySQL, SQL
Core CS Subjects: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating System
Tools: Eclipse, VS Code, Git
Soft Skills: Problem Solving, Adaptability, Self-Learning, Presentation, Collaboration.

CERTIFICATION

- Full Stack Java Development - LiveTech Software, Hyderabad
